

**Please note that completing this referral form on a smart phone or tablet can change the formatting and make it unreadable when returned**

To access this electronic referral you will need Microsoft Word and have access to a PC or laptop.

If you are able to attach a photo in JPEG format of the affected area this will better help us prioritise your referral.

Instructions for completing the e-referral

- Double click in the grey **squares** to "tick" a selection
- Click on the grey **areas** to add free text

Once completed save the document against your name and reattach it to a reply e-mail.

**Please note that during this present Covid-19 crisis we will only be treating patients with a critical footcare need.**

**You are likely to be called to establish the urgency of your referral, and may receive telephone advice on your condition.**

**Please also note our telephone number may appear as withheld on your caller display.**
